Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: In a telephone interview on 6/7/2005, Mr. Scheinberg and the examiner discussed the claims, and how the references applied to said claims. The examiner expressed that the independent and dependent claim limitations were met by the references, which was agreed to by Mr. Scheinberg. Not covered in the discussion by either party was any possibility that the Disclosure may disclose other features not taught by the said three references, or any other reference listed in the examiner's form PTO-892. Therefore, as a result of this telephone interview, Mr. Scheinberg stated that he was forthwith expressly abandoning the application. The examiner, at the applicant's request, is therefore executing the said abandonment herein .
